Common Law Equity Claim for Declaratory Judgment

Jurisdiction and Venue:

In the venue of The People known as THE UNITED STATES DISTRICT COURT OF MASSACHUSETTS, jurisdiction is granted by The Living Man, Plaintiff in Common Law Equity to be proper in this matter involving Living Plaintiff being harmed by Agents of the civilly dead Defendant corporate fiction. The present "one form of action" rule is disallowed for being prejudicial and destructive to Plaintiff's true standing as it converts his identity to that of the corporate civilly dead and then applies false bonds of statute and "code" to restrict and limit his powers of remedy and relief. As the harms inflicted upon Plaintiff have been by Agents of the dead upon the rights of the living, Plaintiff's rights and true standing must be preserved in order for justice and equity to prevail against potential further abuses by Agents in resolution of these matters.

Statement of Facts

In regards to matters initiated by Agents of the ORLEANS DISTRICT COURT CORPORATION #'S 1926CR000072; 2026CR000080; 2126CR000730 and 2126CR0256, (fraudulently joined), The record has been exhaustively compounded, gone un rebutted and Defaulted by Defendant / Respondents

Common Law Equity Claim for Declaratory Judgment
 as shown in File/Contract # FOL III Nov 1 2021,
 served upon C.J. Kimberly S. Budd S.J.C., C.J. Kathryn
 E. Hand of District Appellate Court, and Robert A Welsh III
 of ODC, collectively, "Respondents".

On October 14th, 2021, Habeas Corpus ad
 Subjiciendum Writs were served upon Respondents
 as has now also been served on this U.S.D.C. along
 with this claim. These Writs were received by
 Respondents no later than October 19th, 2021.

Irrespective of modern corruptions and dilutions
 of the writ's original power and purpose, in favor
 of present tendencies favoring predatory corporate rule,
 Plaintiff claims right of precedence in the
 definition "a high prerogative writ to obtain
 immediate relief from illegal confinement, to
 liberate those imprisoned without sufficient cause
 and to deliver them from unlawful custody"

25 Am J2d Hab §2. By said precedent,
 Respondents had three days to rule, which they
 collectively and disparately have not done. On
 October 29th, ODC Clerks scheduled a hearing on
 the writ, which, upon appearance by this Plaintiff
 was discontinued on falsified grounds by
 ODC Agent Robert Welsh III, thereby deliberately
 and maliciously denying justice to Plaintiff

 In an historical pattern of such denials as well documented on the record. As to Respondents Budd and Hand, no response has been yet forthcoming as of this date.

Therefore, the record being clear and unequivocal for intentional and malicious Conspiracy against rights under Title 18 Part 1 CH 13 § 241 and Deprivation of Rights Under Color of Law under § 242 for inaction and denial of law and fiduciary duty, causing fully noticed, intentional and irreversible harm to Plaintiff's life, liberty and property, the following Remedy is demanded and required by Plaintiff in the interest of justice and security for the plaintiff, the People and Society:

Remedy and Relief required:

That the Defendant "COMMONWEALTH," being foreign to Plaintiff be ordered to award for pain, suffering, loss of life and property, punitive damages in the amount of \$10,000,000, (ten million USD) in accord with USC 411 as Plaintiff does not endorse the debt of the foreign corporate Defendant.
